PETITION FOR FILING A PATENT APPLICATION BY  
 OTHER THAN THE INVENTOR PURSUANT TO 37 C.F.R. §1.47(b)

Dear Sir:

Under the provisions of 37 C.F.R. §1.47(b), Tristan Brittain-Dissont, a director of Psimei Pharmaceuticals plc., the company which was the employer of Dr. Bipin Patel, the sole inventor named on the above-identified patent application, hereby petitions the Commissioner to accept the completion of the filing of the above-identified application by other than the inventor. A declaration by Mr. Brittain-Dissont, with attached Exhibits, is attached hereto providing proof of the pertinent facts concerning the unavailability of the inventor to complete the filing of the application by executing the Inventor's Declaration.

The last known address of Dr. Patel is 6 St. Marks Close, Hithem, Herefordshire, SG5 1UR, United Kingdom.

As set forth in the Declaration by Mr. Brittain-Dissont, the invention disclosed and claimed in the application was made by Dr. Patel while in the employ of Psimei Pharmaceuticals. Psimei prepared and filed on July 22, 2002, a European patent application which is the priority application for international application PCT/GB03/02919, of which the present application is a

National Phase filing. In each of these applications, Dr. Patel is named as the sole inventor.

As detailed in Mr. Brittain-Dissont's declaration, Dr. Patel was sent the formal papers for the present application by Mr. Richard Gillard, a European patent attorney with the firm of Elkington and Fife LLP, Psimei Pharmaceuticals' representatives in the U.K., on March 29, 2005. On April 15, 2005, Dr. Patel began what proved to be an extensive sick leave. Dr. Patel did not return the executed declaration and assignment to Mr. Gillard, nor did he apprise the directors of Psimei of the papers or that they needed to be executed and submitted to the U.S. Patent and Trademark Office. As detailed in Mr. Brittain-Dissont's declaration, the directors of Psimei have been advised by Dr. Patel's solicitors not to contact Dr. Patel regarding any work-related matters.

Upon information and belief, based on Dr. Patel's employment by Psimei Pharmaceuticals and United Kingdom law, Psimei is entitled to clear title to the invention and to the above-identified patent application and any patent which issues thereon. As Dr. Patel was paid compensation by Psimei, the invention belongs to Psimei, and Dr. Patel has a duty to execute an application for patent covering the invention and to assign the invention, patent application and any patent issuing thereon to Psimei. In view of Dr. Patel's failure to execute the papers required for completing the filing of the present application which were sent to him, in combination with the company's subsequent inability to reach him, Mr. Brittain-Dissont, as a director of Psimei, is believed to be entitled to make such application on behalf of and as agent for Dr. Patel.

Mr. Brittain-Dissont's declaration and the exhibits attached thereto are provided to the Patent and Trademark Office in a sealed and labeled envelope pursuant to MPEP §724.02. These documents are not open to the public and are to be opened and considered only by an authorized employee of the Petitions Division of the U.S. Patent and Trademark Office.

Also provided herewith is a Petition to Expunge under 37 C.F.R. §1.59(b). As set forth in that petition, it is requested that Mr. Brittain-Dissont's declaration and supporting exhibits be expunged from the file for this application upon the final disposition of this petition.

The required fee pursuant to 37 C.F.R. §1.17(h) is enclosed.  
Please charge any additional fees, or credit any overpayments to  
Deposit Account No. 02-2135.

Respectfully submitted,
